Framework Directive on Waste in the United Kingdom states that waste is a substance and/or object that is discarded by its owners.

This statement is followed by 16 waste categories that are currently in force (Porteous, 2000)

- **Waiheke County recycling**
- **Compulsory amalgamation to ACC**
- **End of recycling**
- **Beginning of resistance**
- **The Wananga on waste**

Measurement is critical to every component of a waste reduction program – including waste prevention (preventing waste before it is generated, also known as source reduction), recycling collection, and buying or manufacturing products with recycled content.

(EPA 1999)

- **Local Government Amendment Act**
- **Monstering The Policy Consultants**
- **Setting The Bar**
- **Preparing To Tender and Getting Some Mates**

**“If you are a new enterprise
consider a partner”**

**MaRS Discovery District. (2009).
Social Venture Finance, Enabling
Solutions to Complex Social Problems**

- **Employing the most vulnerable**
- **A moment for Bill Whall**
- **Innovations by George; glass, diesel, ECB, site design**
- **A storm blew in a shop**

The Statistics Of Success

- **Diversion at more than 40% vs less than 20%**
- **Food waste reduces by half but not in Auckland**
- **Employing 26**
- **2000 tons of greenwaste 1/3 given away**

No Good Deed Goes Unpunished

- **Spies on Site**
- **The best advice money can buy**
- **Never mind the evidence what about the accidents**
- **Gold plated contracting**
